

Every year, the builders try to outdo each other, using their imagination to develop new motor catamarans. Following the example of their sailing counterparts, motor catamarans are revolutionizing the motor boating world by offering boats which are more comfortable, more liveable and consume less, while having better performance...

FONTAINE PAJOT MY 44

In the tradition of the popular MY 37, Fountaine Pajot is launching a new motor catamaran, the MY 44, which will be presented for its world premiere at Düsseldorf in January. Aboard the MY 44, we find all the features of a motor yacht, with the advantages of a catamaran as a 'plus'. We particularly appreciated the owner's hull and the guest cabins, as well as the huge flybridge. Offered with 2 x 260 hp as standard, the MY 44 can be equipped with 2 x 300 hp or 2 x 435 hp as an option.

Builder: Fountaine Pajot - Length: 13.40 m - Beam: 6.61 m
Engines: 2 x 260 hp - Range: 1000 miles - Fuel capacity: 2 x 1000 l
Price: 555,500 euros exc. tax

XQUISITE X5 Power

Discovering the sailing X5 for the first time revealed an up-market design and a particularly well thought-out boat. In the same tradition – but on a completely new hull, designed for motoring – the builder has started building an X5 Power model. This motor catamaran is aimed at owners looking for a comfortable boat to live aboard and go long-term cruising. As on the sailing version, every detail has been studied by professionals and sailors to meet the needs of future owners in the best way possible. To be seen at the end of 2017...

Builder: Xquisite Yachts - Length: 16.40 m - Beam: 8 m
Engines: 2 x IPS 350 pod drives - Diesel capacity: 1600 l
Price: By quotation

PRIVILEGE EUPHORIE

Inspired by the Serie 5, the Euphorie is the new motor catamaran designed by Privilège Marine. We therefore find aboard the comfort and volumes of the 50-footer; however the hull has been heavily modified to offer performance worthy of a genuine motor boat. Other new features on this model - a real flybridge and an elegant hard top, as well as 2 x 180hp engines, allowing it to reach a cruising speed of 12 knots with quite reasonable fuel consumption. Launch of the n°1 planned for 2017.

Builder: Privilège Marine - Length: 15.25 m - Beam: 7.98 m
Engines: 2 x 180 hp - Cruising speed: 12 knots
Diesel capacity: 1200 l - Price: 1,066,000 euros exc. tax

AQUILA 36

With a full range (38, 44 and 48 feet), Aquila is offering comfortable boats for cruising and enjoying life aboard. But with this 36-footer, the builder is offering a really innovative boat, designed so you can enjoy water sports to the full. The big cockpit for welcoming your friends, as well as the powerful engines (outboards) for excitement, and the two double cabins (each with a private heads) for living aboard, make this Aquila 36 the boat capable of meeting all expectations. See it in Miami, in 2017.

Builder: Sino Eagle Yacht - Length: 10.89 m - Beam: 4.44 m
Engines: 2 x 250 - 2 x 300 - 2 x 350 hp
Diesel capacity: 2 x 675 l - Price: US\$ 329,000 exc. tax
